17 inside temperature settings
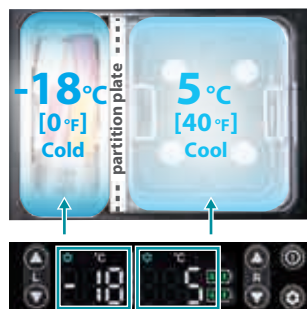

29 L
(7.7gal)

Left	Right
9 L (2.4gal)	**18 L** (4.8gal)

The maximum number of 2L plastic bottles that can be stored upright is:
· Six in single room mode
· Two in left and four in right rooms in dual room mode

Dual room mode is available by using the partition plate.

-18°C [0°F] Cold | partition plate | **5°C [40°F] Cool**

- Two different temperature settings can be made according to application requirements by dividing the storage box into two rooms with the partition plate.
- Even in dual room mode, only desired one of the two rooms can operate independently as in single room mode.
- Single room mode can be changed to dual room mode automatically by setting the partition plate.
- Settable maximum difference between the temperatures of two storage rooms: 30°C

Inner tray

Three 350mL cans can be stored upright.

Inner basket

Four 2L plastic bottles can be stored upright.

Hooks for hanging plastic dust bag

Hooks are added to the carry handle for hanging plastic dust bag, etc.

Pull drag handle that can be locked at 110°

110°

for easier transportation on casters.

Detachable top cover

allows for easy cleaning of the top cover and the inside of the storage box.

Drain cock

When cleaning the storage box, open the cap to drain water from the box.

Bottle opener

Carry handle on both sides
